

CONNECTICUT VIETNAM VETERANS MEMORIAL

There are 612 Connecticut men that were lost in the Vietnam War that have yet to be honored with a stand alone memorial in Connecticut.

We have decided to create such a memorial and have formed a committee named **Connecticut Vietnam Veterans Memorial Committee**. Much progress has been made in this effort with the Town of Coventry agreeing recently to provide a parcel of land on which to create the memorial. It is planned that the panels for this memorial will be constructed of Supreme black granite. The 612 names will be engraved alphabetically. There will be a laser etching of three soldiers and nurses etched into the monument. The gray granite base will include **CONNECTICUT VIETNAM VETERANS MEMORIAL**. Beneath that will be the 5 service emblems and beneath that will be the date of dedication.

We are asking for corporate and personal donations to help with this very important project. Please show your support by sending your contribution, which may be deductible, to:
